

## Virtual Zoom Classroom Courses with In-Person Skills Practice/Testing Session

### In-Person Skills Practice/Testing Location

- 25 Indian Rock Road, Suite 25 (The Commons Plaza) Windham, NH 03087

### Course Description

Educational Critical Care Concepts is offering virtual Zoom classroom courses with in-person hands-on skills sessions. The classroom & online exam are completed via a Zoom Meeting & the in-person hands-on skills testing is completed at our Training Center in Windham, NH.

Our Director of Education and TC Coordinator (Connie Courcy, RN) will be the instructor for all Virtual Zoom classroom courses. Currently, only the following courses will be offered with virtual class with in-person testing session:

- ACLS Provider (1<sup>st</sup> Time Students or Expired Certification Students)
- ACLS Update (Students who hold a non-expired American Heart Association Certification)
- PALS Provider (1<sup>st</sup> Time Students or Expired Certification Students)
- PALS Update (Students who hold a non-expired American Heart Association Certification)

These courses are designed for students who wish to attend a virtual classroom course via Zoom Meeting, then come to our Windham, NH Training Center for their Hands-On Skills & Megacode practice/testing session. Zoom will work on a Windows/MAC PC, iPad or phone (not recommended). *All students attending the Zoom Class **MUST** be present (via camera on their device) the entire meeting.* At the end of the classroom portion of the course, each student will be emailed a link to the AHA eLearning site to complete their ACLS or PALS Course Exam. Please make sure you have an AHA eLearning account PRIOR to the virtual class date (*This is the same account you need to do the ACLS/PALS pretest prior to the class*). Once the class & exam has been completed successfully, the student will attend the in-person hands-on skills practice/testing session at our Windham NH Training Center.
