

Course Overview/Content

Course Overview:

This Advanced Cardiac Life Support Experienced Provider (ACLS-EP) Course is designed to improve outcomes in complex cardiovascular, respiratory and other (eg, metabolic, toxicologic) emergencies by expanding on core ACLS guidelines and encouraging critical thinking and decision-making strategies. Through instruction and active participation in case-based scenarios, learners enhance their skills in the differential diagnosis and treatment of prearrest, arrest and postarrest patients. The ACLS EP Course is for seasoned healthcare providers who are proficient in performing BLS and ACLS skills, reading and interpreting ECGs, and understanding ACLS pharmacology and who regularly lead or participate in emergency assessment and treatment of prearrest, arrest or postarrest patients. This audience includes physicians, paramedics and emergency department or critical care nurses.

Course Content

Applying the expanded systematic approach (ACLS-EP Survey) to patient assessment, evaluation and management.

- Cardiovascular Emergencies
- Cerebrovascular Emergencies
- Clinical Pharmacology and Toxicology Emergencies

Effective communication within a resuscitation team and recognition of the impact of team dynamics on overall team performance.

- High Quality CPR
- Post-Cardiac Arrest Care
- Respiratory and Metabolic Emergencies

Community Training Center
at Harborview Medical Center**

Course Materials /Completion

Course Registration Prerequisites:

Before entering an ACLS EP Course, learners are required to have mastered ACLS principles, including proficiency in performing BLS, understanding of the ACLS algorithms, rapid and accurate rhythm recognition and ACLS pharmacology. **All learners must successfully pass the ACLS pretest before entering an ACLS EP Course. Learners are required to show proof of passing the exam** to be submitted *prior* to the course. Certificate of completion can be submitted by email to mariones@uw.edu.

Completion Requirements:

For successful course completion, learners must actively participate in all case-based scenarios and must meet all current ACLS course completion requirements including:

- Pass the 1 and 2-rescuer CPR and AED skills test
- Pass the bag-mask, mouth-to-mask ventilation and OPA and NPA skills test
- Pass the Megacode skills test
- Pass the ACLS Provider exam with a score of 84% or higher

Learners who successfully complete the requirements of the ACLS EP Course will receive an AHA ACLS EP course completion card, valid for two years. Please note, the ACLS EP card supersedes the ACLS provider card.
