## Phlebotomy Technician (CPT) 2024-2025

### Course Content:

The Phlebotomy Technician program is designed to prepare students for employment in a hospital laboratory, blood center, or other health care facility to draw blood by venipuncture and capillary puncture. Students are taught safe and efficient work practices in obtaining adequate and correct blood specimens, labeling specimens, and transporting specimens correctly to the appropriate laboratory sections. The Center for Disease Control (CDC) guidelines for HIV/AIDS, Hepatitis B and other diseases are also taught in the program. Upon completion, students are eligible to take the national certification through the National Healthcareer Association (NHA).

FLORIDA DEPARTMENT OF  
**EDUCATION**  
fldoe.org
